

YF Outsourced Logistics

“We’re looking to outsource all of our order processing, delivery bookings and invoice raising so that we can minimize the time we’re spending on this in-house” – *Founder, £3m turnover start up*

What we do in a nutshell

We look after orders, logistics, and invoicing

You work with your manufacturers & upstream suppliers

We work with the warehouse

We make sure your orders are delivered

We become the point of contact for your customers

We raise invoices in your system and send them off

You (or your bookkeeper) manage everything post invoicing

We can be anything from administrative support to your outsourced logistics manager

Why outsource?

1

Maintain focus

Give yourself one less thing to worry about. Focus on your strengths and leave us to focus on ours

2

Optimise overheads

Hiring people costs time and money. We hire the best possible team so you don't need to

3

Continuous supply

Never worry about shadows or what to do when your ops person is on holiday - we're always on

4

Expert knowledge

Affordable director level experience. We'll spot the things you haven't even thought about yet

Pricing & Process

- Pricing ranges from £800 - £3000 p/m – bespoke to your needs
- We arrange 1 meeting and then are ready to go in 4 weeks
